# A motivation through from XASCOM

How to do sales?  
Don't sell life  
insurance. Sell what  
life insurance can do

If you're healthy, if you don't get sick much, if you don't go to the doctor much or use your health insurance much, you are a genetic lottery winner.

It has nothing to do with the way you live, nothing to do with doing the right things. It's just sheer luck, and you are gonna pay for that.
